

AGN. NO. _____

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

DECEMBER 16, 2003

Upon application the County's Department of Public Works will issue a permit to allow for a semi-circular driveway for a single-family residence. The Zoning Ordinance includes a provision which, in certain circumstances, prohibits the parking of vehicles on semi-circular driveways. The Zoning Ordinance provision seems illogical given that the intent of the driveway is as a space for the parking of vehicles. Additionally, larger driveways like semi-circular driveways accommodate substantial off-street parking, thereby freeing up space for visitor parking within the rights-of-way.

I, THEREFORE, MOVE that the Department of Public Works and the Department of Regional Planning identify conflicting requirements about semi-circular driveways, develop recommendations for eliminating these inconsistencies, and report back to the Board of Supervisors within sixty days.
